

TELESCOPIC MOUNTING POLE

Suitable for all Terabee people counters

FOR SIDE WALL DISTANCING AT SPECIAL DOORS, OR FOR HANGING SENSORS FROM TALL CEILINGS

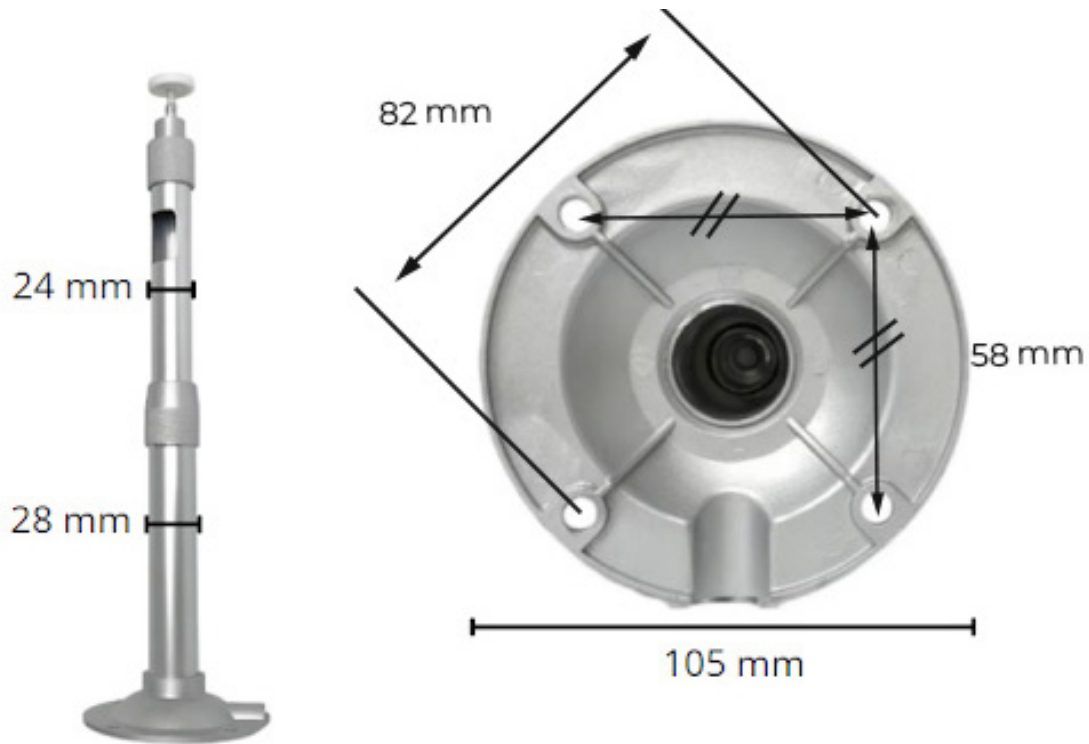

The Telescopic Mounting Pole helps positioning all **Terabee products** at the right distance from walls and ceilings. It allows to distance the sensor from the side wall (or ceiling) of up to 80cm.

KEY PRODUCT FEATURES:

1. Fast & simple to install
2. For both wall and ceiling installations
3. Internal cavity to hide the cable

Technical Specifications

Product Code:	TB-TMP-4080-S
Dimensions	40 cm (retracted) to 80 cm (expanded)
Weight	221 g
Pole material	Aluminum
Mounting plate material	ABS Plastic
Color	Silver, Black, White (different colors available on demand)
Mounting base diameter	105 mm
Mounting holes diameter	7 mm
Distance between mounting holes	58 mm orthogonal, 82 mm diametrical
Internal cavity diameter	15 mm (for passing cable)
Installation	For ceiling or wall mounting
Screws	Not included
